SUNDAY SCHOOL DRIVE WILL BE AD- VERTISED WELL

Meeting of Executive Committee Held
Last Night When Thorough
Publicity Campaign Is
Outlined.

At a meeting of the officers of the County Sunday School association last evening plans were made to thoroughly advertise the campaign throughout the county. To do this five thousand window cards and ten thousand tags will be used. A liberal supply will be sent to the superintendents of every school in the county and they will see that their communities are thoroughly posted with window cards and tags every man, woman and child is tagged for Sunday school, May first. The city of Maysville and suburbs was divided among the schools of the city, each ward to have a ward or suburb go visit with cards and tags. Each school will organize to do this work on the Sunday afternoon previous to Go - To - Sunday - School - Day. The schools were assigned as follows:

First Ward—Third Street M. E.
Second Ward—First M. E. South.
Third Ward—First Presbyterian.
Fourth Ward—First Baptist.
Fifth Ward—Christian.
Sixth Ward—"Little Brick."
Eastland and Oklahoma suburbs —
Sedden M. E.
Hilldale—Hilldale school.

As soon as the advertising matter is ready workers will be invited to a meeting to arrange for the visitation. It was also decided to at once call together the various district chairmen so that the goals set for Go-To-Sunday-School Day may be equitably distributed. The association is determined to go after 10,000. With such a fine county to work in this should be easy to reach. And it will if all buckle down to the job. The matter of raising the \$500 set as a goal should be a very easy matter. These matters will all be considered by the district chairmen, also a plan for a district meeting to be held simultaneously in every district of the county. Let each and every Sunday school worker stand at attention and be ready to march forward in the great work and Mason county will prove to be one of it not the best Sunday school county in the state.

COLORED BOY GETS TWO YEARS ON FORGERY CHARGE

Harry Warfield Will Again Go to State
School of Reform for a Term
of Two Years.

In the Mason Circuit Court this morning Harry Warfield entered a plea of guilty to a charge of forgery and was sentenced to a term of two years in the state penitentiary. As Warfield is under age, he will be sent to the State School of Reform instead of the penitentiary.

Warfield was arrested several months ago when it was discovered that he had forged the name of Mr. Henry Slattery, of the county, on a check for \$36.50. After his arrest on this charge it was learned that the colored boy had forged Mr. Slattery's name to several other checks at other local banks.

Warfield had only a short time before his arrest returned from the state reform school where he had served out a term on a charge of forgery. He will be sentenced by Judge Newell on the last day of court.

April 15th is the last day for dis-
counting telephone bills. 9-6t

NOTICE TO WATER CONSUMERS.

All semi-annual water bills are due now. A discount of three per cent. will be allowed for prompt payment. Last discount day is April 15th. All bills payable at the office of The Maysville Water Co., Room 11 State National Bank building.

M. Y. FIELDHOUSE, Gen'l Mgr.

TOBACCO SALES IN KENTUCKY WAREHOUSES.

State Commissioner of Agriculture Hanna reports that during the month of March all warehouses in Kentucky sold a total of 103,183,038 pounds of tobacco at a general average of \$11.85. Of this total there was \$1,723,267 pounds of burley which brought a general average of \$12.80 per hundred pounds.

FOR RENT.

Five-room cottage with inclosed front porch; furnished or unfurnished. Inquire Mrs. Wallace K. Reese, East Second street, near Walnut. 13Apr3t

The Woman's Auxiliary of the Church of the Nativity will meet Thursday at 3 o'clock with Miss Alice Gill.

COUNTY TAX LEVY REDUCED 5 CENTS BY COMMISSIONERS

Taxpayers of Mason County Are Saved
Five Cents on the Hundred Dollars
In New Levy Fixed by Fiscal
Court Yesterday.

At the annual meeting of the Mason Fiscal Court held at the court house yesterday the Commissioners fixed the tax levy for the county for the ensuing years at 80 cents for county purposes which is a reduction of five cents on the hundred dollars from last year's levy. This with the state levy of 40 cents will make a total levy of \$1.20 per hundred dollars Mason county property owners will be required to pay this year.

The levy was divided 16 cents for General Claim fund; 4 cents for infirmity fund; 25 cents for the Turnpike fund, and 35 cents for schools. In addition to this a poll tax of \$1.50 was levied half of which will go to the infirmity fund and the other half to the dirt road fund.

In arriving at this levy Judge Purnell furnished the commissioners with a report showing expenditures during their term of office which is as follows:

"To the Honorable Members of the Mason Fiscal Court, Maysville Ky.
Gentlemen:

"As this is the end of your fiscal year, and you are about to enter upon another, and today fix the levy for the coming year, wish before doing so to call your attention to a few facts concerning the running expenses of this county for the three years which you have been in office.

"As presiding officer only of this court, I have in detail gone over the record for the last three years to find out, as far as possible, the amounts you would have to contemplate to run the fiscal affairs of this county for one year.

"The first figures that I give you extend from the 7th of January, 1918, to April 1st, 1919. In that time you spent \$3,214.79 for court house supplies and repairs; your pauper account was \$387.64; jail supplies, \$162.67; jailer's fees \$715.98; court house and jail \$492.40 for light, heat and water; advertising \$206.10; sheriff's fees \$285.15; coroner's fees \$42; for post house \$114.33; stenographer's fees, \$168.10; ballots, \$164.15; salaries and stationery for all county offices, \$5,680; which, together with pauper doctor's fees and a few other small items, makes at total of \$16,530.67.

"From April, 1919, to April, 1920, your expenses are as follows: Court house and repairs \$1,920.91; pauper supplies \$403.39; printing, advertising and ballots, \$593.75; coroner \$102; stenographer's fees \$61; courthouse and jail for light, heat, water, etc., \$639.21; post house \$160.51; vital statistics, \$360; sheriff's fees, \$2,621.04; jail supplies, \$684.47; jailer's fees \$385.80; assistants to the county clerk, \$168; commissioners' salaries \$198; officers' salaries and stationery \$6,350; county agent \$1,500; health department \$1,500; together with pauper doctor's fees, county live stock inspector and a few other small items, making a total of \$19,034.62.

"From April, 1920, to April, 1921, your expenses are as follows: jail \$653.15; pauper \$934.23; court house \$4,876.64; (this item includes the cost of wiring for all public buildings); advertising, together with ballots, \$693.70; court house and jail, water, light, heat, etc., \$936.39; officers' salaries, \$6,750; county agent, \$1,500; jailer's fees \$433.70; sheriff's fees, \$853.58; stenographer, \$23.85; coroner, \$43; commissioners, \$105; donations to orphans' home \$100; health department \$3,000; making a total of \$22,829.58. In this amount is included a payment of \$1,732.34.

"I had hoped, gentlemen, due to the fact that the times are very hard, and money very tight, to be able to recommend you a reduction of 10 cents per \$100 from the present county levy, but due to the fact that the Legislature reduced taxation on tobacco to 15 cents per \$100, this would make a loss from the present total revenue of the county of approximately \$10,000. The assessed valuation of this county being in the neighborhood of \$25,000,000, would under the present levy bring in close to \$40,000 as a fund for all general purposes, but a loss on tobacco of \$10,000 would reduce this amount, together with the sheriff's fees, down to approximately \$25,000, which under the total expenses, as I have above stated, would not allow the county much surplus to take care of any emergency that might arise. My aim in trying to arrive at a fixed amount upon which to base the levy for the fiscal affairs each year is to relieve, in so far as we can, the present burden of taxation resting upon the farmer and the property holder. But this reduction, as mentioned above, is for you, gentlemen, to decide, as to whether or not it would be safe to take the chance upon the basis, as above men-

PRESIDENT REJECTS LEAGUE OF NATIONS

In First Message to Congress Pres-
ident Harding Makes His Stand On
Nation's League Clear.

Washington, April 12. — Final rejection of the Versailles League of Nations by the American Government was proclaimed to the world today by President Harding in a solemn pronouncement of the foreign policies of his administration.

Speaking before the new Congress assembled to write a program of political and economic reconstruction, the President declared acceptance of the league would be nothing short of a betrayal of the mandate of the November election. Instead he asked for a Congressional declaration of peace and for ratification of those portions of the Versailles treaty which protect specifically American rights and interests in the war settlement.

"In the existing League of Nations, world governing with its super powers, this republic will have no part," he said. "It is only fair to say to the world in general and to our associates in war in particular that the league covenant can have no sanction by us."

The declaration was answered by a tremendous demonstration, in which Republican Senators and Representatives led, while most of their Democratic colleagues sat silent and unsmiling.

April 15th is the last day for dis-
counting telephone bills. 9-6t

ADVANCE GUARD OF FARMERS' INSTITUTES HERE.

Mr. James Speed, editor of the Southern Agriculturist, arrived here today to make all preparations for the Free Farmers' Institutes which will be held at Rectorville and Mayslick tomorrow and Friday. Others on the program are expected to arrive tonight and the meetings will begin promptly tomorrow morning at both places.

LADIES' AID SOCIETY MEETS ON THURSDAY.

The Ladies' Aid Society of the "Little Brick" church will meet on Thursday afternoon at the home of Mrs. James Melton in Forest avenue. All members are urged to attend.

tioned. As this county has been carrying a sinking fund for the purpose of liquidating its bonded indebtedness, and as I am glad to say it has done so, and the county is entirely free of indebtedness, you might see your way clear to allow that reduction to go back this year to the tax payers, by reducing the levy from fifty to forty-five cents for county purposes; and while the amount would be small, still it would be quite a relief to the tax payer, and especially at these times. You will note that the general expenses of the county have increased each year to some little extent, but I take it that increase is due to the appropriation to the health department, together with the increased cost of everything needed in and about the court house and jail.

"My only reason, gentlemen, for suggesting these facts to you is if it can be done, to offer some relief to those paying the taxes, and believing that you see the situation as I do, will offer this assistance if you can see your way clear to do so.

"This county is in first-class shape; we owe no debt, have \$50,000 to \$60,000 worth of equipment now on hand which cost nothing like that amount; have purchased more real estate adding to the value of our present county home in and around the court house, and if this relief can now be offered feel certain that Mason county will stand as one of the foremost in the state of Kentucky."

ARRANGEMENTS ARE BEING MADE FOR BILLY SUNDAY MEETING

Billy Sunday Meeting Will Be Held at
Liberty Warehouse — Preacher
Asks That Warehouse
Be Used.

All arrangements for the Billy Sunday meeting here on next Monday are now in the hands of committees. At a meeting of the ministers and business men held Tuesday afternoon, Rev. John A. Davis was made chairman and Rev. Worth F. Peters, Secretary of the executive committee. Other committees were then chosen to look after various details and everything is expected to move off nicely.

Mr. Sunday will arrive here from Cincinnati over the C. & O. on the noon train. He will be met by a Reception committee of ministers and business men and escorted to the place of meeting.

In a telephone message this afternoon Mr. Sunday asked the local committee to have the meeting indoors instead of on the street as had been suggested. The management of the Liberty warehouse has kindly offered the use of their large building and the committee today is cleaning out the warehouse. A large platform will be erected there and a space will be reserved for the colored citizens who will want to hear the great preacher.

Present arrangements are for the Boys' Band to play a concert in their band stand at 10:30 o'clock Monday morning and they will then entertain the crowd until the great evangelist arrives in the afternoon.

The word is being spread and a record breaking crowd is expected here on that day. It is expected that Mr. Homer Rodeheaver, song leader, and Mr. Fred Rapp, business manager, will come to Maysville with Mr. Sunday.

HOMER SMITH TAKES FEW ONLY TO BAIL GAME.

Although there was a good crowd of local people on the moonlight excursion from this port last night, there was a very small delegation who went to Cincinnati this morning to attend the opening baseball game. There is little interest being shown in league baseball in Maysville this year.

BABY SAMPSON.

Mr. and Mrs. David Sampson, of January street, are the proud parents of a fine baby girl born yesterday.

HUGE PROFITS ARE GAINED IN LIQUOR RING

Cincinnati Man Is Named As Head of
Great Whisky Ring Operating
In Ohio and Kentucky.

Buffalo, N. Y., April 13. — Charges that a nation-wide bootleggers' ring is in existence and that it is dominated by a Cincinnati man, who has made \$50,000,000 since the prohibition amendment went into effect, were made yesterday in Federal District Court by John F. Walsh, Assistant District Attorney, when he spoke in connection with the sentencing of Supervisor John F. Moriarity and John J. Gannon, convicted of conspiring to transport liquor unlawfully.

Mr. Walsh said that he believed that sufficient evidence had been disclosed here to indict the Cincinnati man, but that an indictment would not be forthcoming here because the crimes were committed in the Cincinnati and Kentucky districts.

He named the man and said that the information gained here had been sent to Cincinnati.

April 15th is the last day for dis-
counting telephone bills. 9-6t

CHILD DIES OF MEASLES AND PNEUMONIA.

Helen Virginia Mattingly, eleven-months-old daughter of Mr. and Mrs. Walter Mattingly, of Main street, died at the parents' home at noon today after a short illness of measles and pneumonia. Funeral will be held from the home at 2 o'clock Friday afternoon and burial will be made in the Maysville cemetery.

CONDUCTOR INJURED BETWEEN FREIGHT CARS.

Captain Frank Keith, of Forest avenue, L. & N. train conductor, was injured Tuesday evening in the local yards when he was crushed by a cut of cars. Captain Keith was opening the coupling when the cars came against him. Although painfully crushed, no bones were broken and he is not considered seriously injured.

SCHOOL CHILDREN TO GET PART HOLIDAY.

The City Board of Education has decided to give the children of the city schools a part holiday on next Monday—Billy Sunday day in Maysville. All city schools will be dismissed at 11:50 which will give the children plenty of time to make arrangements to attend the meeting at the Liberty warehouse.

FOUR KILLED AS AUTO STRIKES ENGINE AT A STREET CROSSING

Party of Youngsters Returning From
Road House, Drive Through
Gates Into Passing
Engine.

Four persons were killed and six injured, three seriously, when a large touring car crashed through safety gates at Pike street and the C. & O. R. R. crossing, at 4 a. m. Wednesday, striking a passing locomotive, which it knocked partly from the track.

The dead are: Charles ("Toots") Mile, 24, Bellevue, Ky.; Virginia Murray, South Covington; Dr. James T. Heavens, Newport; Florence B. Kemper, Cincinnati.

Seriously injured are: Ruth Potter, Cincinnati; Luella Shockman, Cincinnati; Helen Paul, Cincinnati.

The three injured women are at St. Elizabeth's Hospital, Covington.

Others in the machine were Ieland Eish, 655 East Third street, Newport; Howard Creighton, 19, Sixth and Monroe streets, Newport, and Arthur Klein 371 Linden avenue, Southgate. They escaped with minor bruises and cuts.

The party, police were told, had been at a roadhouse on the Dixie Highway, of which Pike street is a part, and were returning to the city.

The big machine was tearing down the deserted street at the rate of 50 to 60 miles an hour, witnesses told Covington authorities.

As it neared the crossing the watchman, police say, dropped the safety gates, due to the approach of the engine, which was rumbling along, unattached to any cars, returning from Cincinnati after helping push a freight train across the C. & O. bridge.

Just as the locomotive reached the Pike street crossing the auto crashed through the safety gates on one side of the street, breaking them off. The machine struck the tender of the locomotive, throwing it from the track. There was a crash, heard for blocks, and the auto seemed to rebound from the tender, completely wrecked.

The occupants were flung about. Miss Kemper was decapitated when thrown under the wheels. Her headless body was found under the firebox of the engine.

View of the track at Pike street is obstructed by buildings so that trains coming from the north cannot be seen by autoists driving eastward on the west side of the tracks, but the crossing watchman, insisted his gates were down in plenty of time.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

THE DECLINE OF OLD WORLD CITIES.

War conditions in this country registered themselves in the census only in the abnormal increase in population of munition cities like Bridgeport, Conn. Abroad, the big results were shown in urban decreases in population, a return to the soil and an emigrant exodus. Petrograd, with losses of seventy-five per cent, from its pre-war total of 2,300,000, has ceased to be a great city. Vienna, formerly with a population of 2,400,000 and the rank of fifth in the world, has suffered considerable losses, but the main effects upon population of the disappearance of Austria-Hungary are yet to come. The new census of Paris, practically complete shows that, despite some increase, it has not reached the expected total of 3,000,000; it contains 2,888,000 inhabitants, and 1,500,000 more dwell in the suburbs. London grows apace.

The cities which the war made national capitals—Prague, Warsaw and Belgrade—are certain to grow rapidly, unless disaster befalls their countries. Moscow, Soviet Russia's capital, would increase also its pre-war population of 1,100,000 were it not that Bolshevism, while multiplying functionaries, palsies factory production. Unless there is a change, Petrograd seems doomed to share the fate of vanished Roman cities—mere quarries from which the peasants of subsequent ages drew material for their houses, barns and highways. —Cincinnati Times-Star.

ABOUT THE FARM.

Farmers are as busy as they can be preparing for their annual crops. The acreage for tobacco in this county will be about one-half of normal and the idea will be to raise higher grades and give this crop from the plant beds to the market the best attention in order that higher grades may make the high averages, and that with this idea strictly observed we may be prepared to note satisfactory markets the coming winter.

Now that the grass is growing, the steers are brouching and fattening, the small grains are looking good, the ground is breaking with much life foretelling, record breaking crops, the pessimist no longer occupies the salt barrel head at the country store and sees visions and dreams of the dismal tramp over the hill to the poor house.

There were many of our tobacco growers short in money matters and were puzzled to know how they could reach the next salesday with a choice crop. To them relief has come through the financing by the "Better Half" with butter and eggs, together with economy. The growers will come out alright and much praise will be due to the housewife. —Mt. Sterling Advocate.

LESSON IS LEARNED.

After all the tobacco crop brought a good price and the farmers learned a good lesson, and while cooperative marketing will be something new to our tobacco growers we don't do things just like we did before the war. The experience will be worth the lesson. Stabilizing a great industry has been what the tobacco growers have been striving for in many years and if the matter is successfully worked out a great problem has been solved. Teachers in every business of life have been the greatest need of the nation and the agricultural interests have had better information of late years. Time will come when these organizations will state just how much acreage put in the staples of agriculture will be adequate to bring the stock of products up to a given demand and the farmer and grower may know his possibilities as well as a business man may figure on a like demand in other industries.

Whatever is done by the City and the Washington Fire Company about the opera house lot some arrangement should be made for the proper care of the old grave yard where lie buried Maysville's pioneers.

URGE CABINET MEMBERS ATTEND NATIONAL MEETINGS

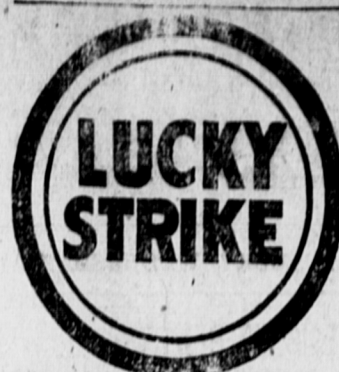

Valley Association Asks That Leaders of Administration Come in Touch With Big National Objects.

A request that the new administration adopt a liberal plan of having the various cabinet members attend conventions and gatherings of National importance, in order that the government may be guided in giving recognition to worthy undertakings, have been made by the Mississippi Valley Association through the organizations president, Harry H. Merrick, of Chicago.

In line with the above request, Merrick states, that he hoped to have the administration inaugurate the plan at the coming convention of the Mississippi Valley Association, to be held at New Orleans, May 2, 3, 4, by having H. C. Wallace, Secretary of Agriculture, attend and participate in the agricultural conference, which, according to Merrick, promises to be one of the most important of the six conferences at which will be discussed, in detail, the economic phases of the valley territory.

That the request is meeting with popular sentiment, is evidenced by the fact, Merrick states, Wallace feels kindly toward the movement and in all probability will be present. E. T. Meredith, former secretary of agriculture, under President Wilson's administration, will also attend the conference.

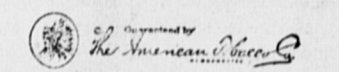

"The Mississippi Valley prestige, as a producing area of agricultural products, demands that every effort shall be exerted towards developing this natural asset to the fullest possible measure," says Merrick. "The citizens of this vast area are working in harmony to the end that even greater production may be had. But, there are

Cigarette

To seal in the delicious Burley tobacco flavor.

It's Toasted

many phases of development that these citizens can be largely assisted in through the aid of government co-operation. It is the intention of the Mississippi Valley Association to secure this co-operation by placing before the proper authorities at Washington, the needs and aims of the Mississippi Valley, in an intelligent and comprehensive manner.

"Surely there can be no more authentic method to impress the government with the genuineness of these efforts, than to have individual interests, representing every state and community in the Mississippi Valley, express themselves in open conference before the cabinet members, who in turn, can terminate their findings to the authorities at Washington for their consideration and co-operation. "In every phase of Valley development, we shall urge the fullest gov-

ernment co-operation. Waterways, transportation, economics, reclamation, foreign trade, merchant marine, and agriculture will be discussed in detail at these conferences, and, while it may not be possible to have government officials present at all of these, it is our intention to place the information before the officials.

FOOTPAD SLASHES WOMAN WITH RAZOR, TAKES JEWELRY.

Louisville, Ky. — Police today are searching for a negro who slashed Mrs. A. H. Hillerich with a razor, removed two rings from her fingers and stole her necklace and purse but was unable to take her fur coat. The negro struck the woman repeatedly with the razor but her clothing prevented the weapon from making more than slight cuts. Mrs. Hillerich, who resides in the West End, was going to the home of her father about two blocks distant when nattedacked by the negro. After he fled she ran to her father's home and fell unconscious.

CROWDS ANXIOUS TO HEAR PRESIDENT'S MESSAGE.

Washington, April 12. — The House galleries were jammed to the danger point today by crowds eagerly awaiting the moment when President Harding in person would deliver his first message to the special session of the 67th Congress. Important announcements of administration attitude on both foreign and domestic issues were looked for.

Fish hooks have been made on exactly the same design for two thousand years.

New York Letter

by Lucy Jeanne Price

New York — New York counts that day lost which doesn't see some bright little movement started to help the world along. The very latest organization of the kind has nothing to do with prohibition, income taxes, divorces, or wars, it is concerned entirely with the personal matter of rescuing and preserving reputations! It already has, aside from a settled purpose, a name, an announcement, and a set of commandments. The name is "Priscilla," which is the nom de club, if one may put it that way, of the founder of the movement; and the announcement reads, "It is proposed to invite everyone to concentrate some time each day on the subject of reputation and write their thoughts in the form of verses, essays or precepts, and contribute them freely to the newspapers, and circulate them by word of mouth." It is a guileless soul, the scoffer might say, who believes that the thoughts brought forth by "concentrating on the subject of reputation" would help the kindly crusade, if "contributed freely to the newspapers." But the seven commandments may take care of that, as they are all concerned with the duty of praising one's fellow beings.

Thor, Scotch terrier mascot to the liner Oscar II, famous as the one-time peace ship, has an hereditary aversion to cats. He chased one down the dock the other day so engrossedly that he forgot it was sailing time for his vessel, and when he returned it was on its way eastward across the Atlantic. He was sitting on the edge of the dock, wallowing pitiously, when Captain Las-

sen, a fellow mariner came along, chartered a tug for his special benefit and ran him safely out to his liner.

There is a thrill of joy in the occasional discovery in New York's corners of an instance of preservation of scraps of her early history. Down near the Manhattan entrance to the Brooklyn bridge is one such instance. Just to the left of the main entrance of a modern building there, is built into the wall, a barred window from the old sugar house which occupied the site in Revolutionary days. The old house was used by the British as a prison for their American captives, and probably many an American patriot looked through those bars which have withstood the century and a half.

It doesn't take years to develop heroism. Little "Mickey" Ryan was only seven years old, but when he and some of his Third Avenue playmates were caught the other day in a falling building, Mickey pushed and led them all to safety, even thought the brick wall was almost upon him as he stopped to get little Helen Murphy through an opening in safety. There wasn't time for Mickey to get through after her. The crash came just as he started, and the seven-year-old boy died as the bravest men of the ages have died—for their people or their comrades.

The ginkgo is New York's latest importation. It is not, as it sounds, a new simian creature for the Bronx zoo. It's a tree, a decorative, fast growing tree, from Japan and Korea, which has been brought over to beautify the park strip in the middle of Broadway from Sixtieth street north.

Rumors are crowding each other fast along Broadway concerning the plans of many stage and screen stars to jump from one field to the other next season. Elsie Ferguson back on

the speaking stage; W. S. Hart becoming a stage actor rather than a cinema hero; Lillian Gish in vaudeville; and Charlie Chaplin there, too; Laurette Taylor to the film world under the direction of Griffith; John Barrymore, with the intensity which led to his breakdown last season, working in both at the same time; those are a few of the stories.

The "back to the farm" movement has become more than a subject for editorial and fiction writers. One farm exchange bureau in New York City tells of having done a \$20,000,000 business last year in sending back to the fields and byways people who were tired of highways and wanted to raise their own corn.

LUCY JEANNE PRICE.

ON THE FARM IN KENTUCKY

Flock Profit Increased by Proper Care of Wool.

By giving proper attention to the handling of wool produced, Kentucky farmers can materially increase the income from their flocks, according to Circular No. 72, issued by the Extension Division of the College of Agriculture. The publication contains suggestions on shearing, tying the fleece, packing for shipment and selling together with a list of classes and grades of wool. It also includes a list of "don'ts" to be practiced in shearing. Sheep shearing is practiced from the middle of April until the middle of May, the most common time being May 1 to 15, according to the circular.

Warm spring weather starts a flow of oil in the wool and puts the animal in best condition for the shearing. For this reason the operation should not be deferred too long or the wool will become lifeless and deal. Good shelter should be available and a sudden change from warm to cold, windy weather should be avoided since it may cause severe colds and result in losses in the flock. The sheep should never be sheared when the wool is wet or even damp.

When the weather is suitable there is no better place than a good, clean bluegrass sod on which to perform the shearing since it is free from any seed, chaff and straw all of which decrease the value of the fleece when mixed in it. If it is necessary to shear inside all straw and litter should be removed so that there will be nothing to tickle in the wool. A large canvass may be spread on the foot for the shearers to stand on or a board platform may be used. After each sheep is sheared any trash or dirt that has accumulated should be removed.

Complete details concerning the shearing operation are contained in Circular No. 72 which may be obtained free by writing the Agricultural Experiment Station, Lexington. Disking Before Plowing Puts Soil in Best Shape.

Many of the poor results from late planting may be attributed to poor preparation of the seed bed, according to a statement made by Prof. George

Roberts, head of the Soils and Crops Department of the College of Agriculture in which recommends that the farmers disk ahead of the plow in breaking ground from about the first of April on through the summer.

This keeps the ground from losing moisture, thus keeping it in good plowing condition longer, making it plow more easily and reducing the cloddiness of the under side of the furrow slice. It is well to follow each day's plowing with the disk, section harrow or drag whichever is best suited to the condition of soil in order to pulverize clods before they dry out and become hard. Land plowed late in the spring or in the summer after it has had an opportunity to dry out is difficult to put in good shape for

planting. Sweet Clover Best Crop For Improvement of Soil.

Sweet clover is the best crop there is for improving worn soil and provided lime is present will grow on the poorest land, according to Prof. Geo. Roberts, head of the Soils and Crops Department of the College of Agriculture. When lime is provided the crop will grow luxuriously in gullies and will even do well on very wet land.

On wet land near Berea a piece of ground that was limed and treated with acid phosphate made an enormous crop of sweet clover and produced a good crop of corn the following year. After 275 pounds of seed had been harvested from each acre the straw was plowed under. The next

year this same piece of ground produced forty bushels of corn per acre as compared with twenty bushels on similar soil that had not been treated. In western Shelby county fifteen tons of alfalfa hay from nine cuttings in three years were obtained on ground where a crop of sweet clover had been turned under.

Experiments conducted by the Kentucky Agricultural Experiment Station show that sweet clover may be grown fairly well with as little as 500 pounds of ground limestone, or 250 pounds of burned lime per acre although the growth is not as large as with heavier applications nor the effects as lasting. However, it will pay to grow the crops with these small amounts where lime is difficult to obtain.

MOTHER OF TEN CHILDREN DIES IN MADISON COUNTY.

BIG DAMAGE SUITS FILED IN FLEMING.

The Fleming Gazette says: In the Fleming Circuit Court last week two large damage suits were filed against the L. & N. Railroad Co. Mrs. Hannah Vaughn who lives in the western part of the county sues for \$8,000 for injuries she alleges she sustained while riding on a hand car near Berea, where she was employed as cook for a squad of workmen engaged in improving a tunnel. The other suit is filed by Chas. E. McCarty as administrator of Rufus Vaughn, who it is alleged in the petition was killed through negligence of the road while engaged in working at a tunnel near Berea. He sues for \$30,000. Vaughn was killed by a heavy stone falling on him.

Captain William Cosgrove is in Maysville making arrangements for the excursion on the steamer East St. Louis from this city to Cincinnati on Sunday, May 8th.

A MERCILESS JUDGE One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Maysville resident has withstood the sternest of all tests. Mrs. M. Holliday, 221 East Second street, Maysville, says: "I have been greatly benefited by Doan's Kidney Pills and I have reason to recommend them. At times my back has become lame and ached just over my kidneys. My kidneys were irregular in action and I was dizzy. When ever I have used Doan's Kidney Pills I always get relief from these complaints. I certainly think them a good reliable remedy. I always get Doan's at Wood & Son's Drug Store."

The above statement was given November 16, 1916, and on November 22, 1920, Mrs. Holliday said: "I am glad to say my kidneys have given me no trouble since using Doan's Kidney Pills four years ago. My general health has been good. I gladly renew the statement I gave recommending Doan's at that time."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Holliday had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ELKS' SHOW DATES CHANGED.

The dates of "Hits and Bits of 1920" have been set back exactly one week, thereby opening on Monday, April 25, and followed by a second performance on Tuesday, April 26th. This change was deemed advisable owing to the magnitude of the production and the short time for preparation of same. The original Monday night tickets will be used for April 25th, and the Tuesday night tickets will be accepted on April 26th. Much interest and enthusiasm are being displayed at both afternoon and evening rehearsals, and many new members have been added to the cast and chorus this week. A full list of participants will be published in a few days. There are now three rehearsals each day, one at 3 p. m., one at 6:30 p. m. and one at 8 p. m.

FOUR-REEL MOVIE AT THE FIRST M. E. CHURCH, SOUTH.

The Christian Education Commission of the Southern Methodist church has had prepared under its own supervision by the National Church Film Corporation, a four-reel presentation entitled "Out of the Christian College". There will be an explanatory lecture accompanying the picture, providing not only wholesome entertainment but generating information and interest in the great work the church is engaged in at present. All Methodists in the city are urged to attend and all others are invited. Thursday, April 14, 7:30 p. m. No charge.

LEXINGTON BANK LENDS MONEY TO SAVE SCHOOLS.

Lexington, Ky., April 13.—Arrangements have been made with a bank here by the County Board of Education to borrow enough money to pay expenses for the schools until the end of the present term, Dr. Gilbert L. Bailey, chairman of the County School Board, announced today.

A meeting of the board will be held Thursday morning for the purpose of authorizing the chairman to borrow the necessary funds, Dr. Bailey declared.

MISS ALICE MASTERSON DIES.

Miss Alice Masterson, died at her home on the Dover Pike this afternoon after an illness of several weeks. Funeral arrangements are not as yet made.

FARM LABOR CONDITIONS NOW SEEN AS MUCH IMPROVED

Labor Supply In Mason County Near Normal With Demand Small At the Present Time.

The state crop report as of April 11 is as follows:
The condition of wheat and rye in all the principal farming sections of Kentucky is unusually good; there are five per cent. fewer brood sows in the state than there were at this time last year; and although the labor supply is only eight per cent. below normal the demand for farm labor is thirteen per cent. below normal, according to the April crop and livestock report for Kentucky issued today by the United States Bureau of Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna. The condition of wheat in Kentucky April 1 is given as ninety-five per cent of normal compared to 62 per cent. April 1, 1920, and an average condition of 84 per cent. April 1 during the last ten years. Rye condition in this state is 95 this month compared to 74 per cent. April 1 last year, and an average condition of 87 per cent. April 1 for the last ten years.

The acreage of wheat sowed in Kentucky last fall was approximately the same as that sowed in 1919 (625,000 acres) but rye was 42,000 acres compared to 44,000 acres sowed in 1919. The mild weather of this winter and spring has been very favorable for small grains in all parts of the state except in some parts of the southeastern mountain counties.

Farm labor is ten per cent. more plentiful than it was this time last year, but still only 92 per cent. of normal supply, as many farmers can not afford to pay the wages demanded by laborers, and farmers report they have cut their demands for labor 17 per cent. below last years demands and 13 per cent. below normal. This is due to the general slump in prices of farm products, particularly tobacco. Farmers say in their reports that unsatisfactory prices for farm products and the high prices persistently demanded for manufactured goods are tending to reduce farm production.

The report for Mason county shows conditions much improved as to farm labor. The entire report for the county is: Wheat 94, rye 96, brood sows 74 labor supply compared with year ago 99, demand for labor 71.

HEALTH IS A WOMAN'S GREATEST ASSET.

Contrast the cheerful happy woman with head erect, the glow of health on her cheeks, the elastic step and bubbling enthusiasm as she goes about her daily tasks, with the woman who suffers from backache, headaches, dragging-down pains, nervousness, and despondency. Such conditions are undoubtedly caused by woman's ailments which will yield to Lydia E. Pinkham's Vegetable Compound, which for many, many years has been restoring weak, ailing women to health and strength. Every woman who suffers in this way owes it to herself to at least give it a trial.

April 15th is the last day for discounting telephone bills. 9-6t

JURY UNABLE TO AGREE CONTINUED UNTIL TOMORROW.

The jury in the case against Elmer Paul indicted under the cold check law was unable to agree this afternoon and Judge Newell permitted them to go until tomorrow when the case will again be taken up. This is the first cold check case to get to a petit jury in Mason county since the law has been in effect.

LOCAL BALL TEAM MAY GET RED'S UNIFORMS.

An effort is being made by the officers of the local baseball club to purchase from the Cincinnati Reds, the uniforms used by that club in its practice in the South this spring. A committee is now in conference with the Cincinnati ball club officials.

Mrs. J. J. Letton, of Bethel, Bath county, is the guest of her sister, Mrs. Ira Newell, of Fourth street.

There are no foreign banks in England.

Galli-Curci's "Wedding Record" "When Chloris Sleeps"

This is Galli-Curci's first record since her wedding in January, to Mr. Homer Samuel, who composed the music. It is a beautiful, interesting song, in English, with an odd, original theme, written in musicianly fashion and interpreted in the same spirit.

Pathe Super-plays present MAHLON HAMILTON and LILLIAN RICH in

Half a Chance

From the novel by Frederick S. Isham. Supporting all-star cast includes Sidney Ainsworth, Mary McAlister and others. A sensational story of an ex-prize fighter who was accused of the murder of a girl of the streets. See the wreck at sea where "two-fisted" Burke (as they called him) was trapped like a rat. See the sensational prize fight. They framed up a murder on him, but he came through clean and won the love and respect of every one. A red-blooded drama of the sweep of Niagara and the climax of lightning. A most thrilling and wonderful feature.

ADMISSION 15 AND 25 CENTS.

TOMORROW — FRANK MAYO and LILLIAN TUCKER in "THE MARRIAGE PIT." Don't miss this wonderful feature.

EAT Miltonia Bread

We Can't Make It All

so we have to be content with making the BEST! And MILTONIA BREAD. If we believe half we hear, is surely that. And it's not the flavor alone that is making Miltonia Bread go over so big here in Maysville. The Russell way of doing things right out in the open seems to appeal to the folks of this town. How about you? Your grocer has Miltonia Bread. Ask him for it!
